

BIG FISH

Real-time Fluorescent Quantitative PCR Analyzer BFQP-1650

- ✓ Patent temperature control, ultimate precision
- ✓ Smart operation, one-touch accessibility
- ✓ Modular optical path, stable signal
- ✓ Intelligent gain, automatic regulation

Product parameter

Model	BFQP-1650
Sample volume	16×0.2 ml
Consumable type	0.2ml 8-strip tubes, single tube
Fluorescence channel	5
ROX calibration	No need
Hot lid	Manual hot lid
Overall dimensions (D×W×H)	330×187×193mm
Instrument weight	8 kg
