

BIG FISH

Real-time Fluorescent Quantitative PCR Analyzer BFQP-9650

- ✓ Patent temperature control, ultimate precision
- ✓ Linear scanning enabling lightning-fast reading
- ✓ Modular optical path, stable signal
- ✓ Electronic hot lid, automatic pressing

Product parameter

Model	BFQP-9650
Sample volume	96×0.2 ml(optional 96×0.1 ml)
Consumable type	0.2ml 8-strip tubes, single tube, 96 well plate(Half-skirted, Non-skirted)
Fluorescence channel	5(F6: Optional)
ROX calibration	No need
Hot lid	Automatic hot lid
Overall dimensions (D×W×H)	473×335×330 mm
Instrument weight	26 kg
